

BioWeapons Expert Says Coronavirus Is Biological Warfare Weapon

Technocrat scientists around the world are using CRISPR technology in top-secret labs to develop doomsday-type biological warfare weapons. The Wuhan Institute of Virology is such a center, and the most likely source of the coronavirus outbreak.

TN does not endorse either GreatGameIndia or Dr. Francis Boyle, but the globalist censorship is notable and significant. For instance, the globalist publication, *Foreign Policy*, strongly refuted the "conspiracy theory" on January 29 with the headline, [The Wuhan Virus Is Not a Lab-Made Bioweapon](#), and attacked GreatGameIndia and ZeroHedge in particular. ZeroHedge has been permanently banned from Twitter. □ TN Editor

In an explosive interview Dr. Francis Boyle, who drafted the Biological Weapons Act has given a detailed statement admitting that the 2019 Wuhan Coronavirus is an offensive Biological Warfare Weapon and that the World Health Organization (WHO) already knows about it.

Francis Boyle is a professor of international law at the University of Illinois College of Law. He drafted the U.S. domestic implementing legislation for the Biological Weapons Convention, known as the Biological Weapons Anti-Terrorism Act of 1989, that was approved unanimously by both Houses of the U.S. Congress and signed into law by President George H.W. Bush.

In an exclusive interview given to *Geopolitics and Empire*, Dr. Boyle discusses the coronavirus outbreak in Wuhan, China and the Biosafety Level 4 laboratory (BSL-4) from which he believes the infectious disease escaped. He believes the virus is potentially lethal and an offensive biological warfare weapon or dual-use biowarfare weapons agent genetically modified with gain of function properties, which is why the Chinese government originally tried to cover it up and is now taking drastic measures to contain it. The Wuhan BSL-4 lab is also a specially designated World Health Organization (WHO) research lab and Dr. Boyle contends that the WHO knows full well what is occurring.

Dr. Boyle also touches upon [GreatGameIndia's](#) exclusive report [Coronavirus Bioweapon](#) - where we reported in detail how Chinese Biowarfare agents working at the Canadian lab in Winnipeg were involved in the smuggling of Coronavirus to Wuhan's lab from where it is believed to have been leaked.

Watch Dr. Francis Boyle's interview with Geopolitics and Empire below:

Dr. Boyle's position is in stark contrast to the mainstream media's narrative of the virus being originated from the seafood market, which is increasingly being questioned by many experts.

Recently, [American Senator Tom Cotton of Arkansas also dismantled the mainstream media's claim](#) on Thursday that pinned the coronavirus outbreak on a market selling dead and live animals.

In a video accompanying his post, Cotton explained that the Wuhan wet market (which Cotton incorrectly referred to as a seafood market) has been shown by experts to not be the source of the deadly contagion.

Cotton referenced a [Lancet study](#) which showed that many of the first cases of the novel coronavirus, including patient zero, had no connection to the wet market — devastatingly undermining mainstream media’s claim.

“As one epidemiologist said: ‘That virus went into the seafood market before it came out of the seafood market.’ We still don’t know where it originated,” Cotton said.

“I would note that Wuhan also has China’s only bio-safety level four super laboratory that works with the world’s most deadly pathogens to include, yes, coronavirus.”

Such concerns have also been [raised by J.R. Nyquist](#), the well known author of the books “*Origins of the Fourth World War*” and “*The Fool and His Enemy*,” as well as co-author of “*The New Tactics of Global War*”. In his [insightful article](#) he published secret speeches given to high-level Communist Party cadres by Chinese Defense Minister Gen. Chi Haotian explaining a long-range plan for ensuring a Chinese national renaissance - the catalyst for which would be [China’s secret plan to weaponiz viruses](#).

Nyquist gave three different data points for making his case in analyzing Coronavirus. He writes:

The third data point worth considering: the journal [GreatGameIndia](#) has published a piece titled “[Coronavirus Bioweapon](#) - How China Stole Coronavirus From Canada And Weaponized It.”
